# RUSSIAN LANGUAGE PREPARATION PROGRAMS

The Russian Language Preparation Programs are available at SibFU in The Pre-Admission Russian as a Foreign Language (RFL) Department for International Students. Russian language courses and general disciplines (pre-university courses) are Pre-University Programs for international students who would like to do their Bachelor's, Master's or PhD SibFU degree in Siberian Federal University or at other Russian universities.

At the end of your Preparatory Course, you will receive a Certificate of Russian Language Proficiency. This certificate will ensure entry to SibFU degree Programs.

Our courses combine a strong syllabus with a contemporary approach intended to build confidence and motivate students. Imaginative skills work and regular changes of focus are designed to capture students' interest. All our teaching takes place in a relaxed atmosphere because we understand that expressing oneself in a foreign language can be difficult. Laughter and humor help to make our students feel more comfortable about experimenting with the language and more willing to take risks!

Our course Programs focus on everyday spoken Russian and therefore all classroom activities are designed to reflect the language people use for everyday communication. The topics and materials used in our programmes are chosen to reflect real life with all its ups and downs.

Russian as a foreign language one-year program	880	140 000
Russian as a foreign language half-year program	580	90 000
